

Need Supplements Between

Wanted to post a link to a couple of finds for those who have ever run out of something between co-op orders. . .

The first is <http://www.ritecare.com/> They have great prices and tons of stuff, including some of the professional brands, like:

- . Apex Energetics
- . ITI
- . Learner's Edge
- . Metagenics NEW
- . NF Formula
- . PhytoPharmica
- . ProSymbiotics
- . Standard Process
- . Tyler
- . Vitaline

The second is <http://www.re-nue.com> , specifically, <http://www.re-nue.com/index.php/action/item/id/47/prevaction/category/previd/1/prevstart/0/>

They had a batch of bottles of Cell Food whose labels were damaged when a bottle leaked during shipping, and they are selling them for 15.50.

The same co. is also selling them on eBay, of all places, for even less -- 12.50. I ordered 3 bottles there, and the shipping was even cheaper.

Here's a link to that: <http://tinyurl.com/79bf8>

I will tell you that one of my bottles leaked more during shipment to me -- they were all bagged separately, so I could see droplets in the bag, and the bottle felt less full than the other two. But as soon as I contacted them, they offered to send another bottle free.

Hope this helps someone out!
